

HE PUFFED A CIGAR

In the Sight of the Methodist
Multitude

AND THEN PREACHED TO THEM

A Smoking Preacher Shocks the Bay
View Worshippers—Proceedings at
a Popular Place of Prayer.

Bay View, July 25.—The services on Sunday morning opened with a rousing devotion in Loud hall at 8 o'clock, Mrs. Mary T. Lathrop leader. At 10:30 a. m. Dr. A. J. F. Behrens, a celebrated Brooklyn divine, preached an able sermon. The preliminary services partook not a little of the ritualistic, but were beautiful and instructive. Albertson Furlong, theorist, poet and singer, who is spending the season here, sang the solo, "Be Thou Faithful," from the oratorio of St. Paul. It was well rendered. Dr. Behrens took his text from II Timothy iii, 7: "Ever learning and never able to come to the knowledge of the truth."

In discussing his subject the preacher enlarged upon the following thoughts: "Every Man Ought to Begin with a Firm and Unshaken Faith in Himself," "Faith in Majesty of Moral Law and the Dignity of Duty," "Pay Great Respect to the Lessons of History," "Should Teach and Teach the Bible," "Mr. Behrens is an easy and graceful speaker, spirited and combative. The sermon was not up to the expectation of his congregation, though it could be considered evangelical and helpful. Just before going to the services the noted divine lighted a fine Havana, took a rocker and seated himself with his daughter—a brunette—in front of the hotel veranda in the presence of multitudes who were passing, and with all the comfort of a professional smoker he proceeded to turn out volumes of smoke in wreaths of delightful fragrance. Such a scene is seldom witnessed of a clergyman in the west though common in the east, hence we were careful to notice the effect it would have. Many people seemed shocked at the boldness of the clergyman, while others declared they would not go to hear him and kept their word. Such a noble woman as these could be heard all around: "what a shame!" "too bad!" "we don't want any more Brooklyn preachers!" The Methodist preachers were dumfounded, as the church bars from the ministry any who wish to enter if they will not "wholly abstain from the use of tobacco."

Such an innovation as this from such a high source created a great deal of opposition to the celebrated preacher. But he, perhaps innocent or indifferent as to the criticism, sat on the hotel veranda constantly pulling at a cigar with several other smokers. The doctor is a brainy man with a keen eye and striking personality. He would easily be taken for a Catholic priest or Episcopal prelate.

Services on the Beach.
At 6:30 p. m. a most delightful service was held on the beach, addressed by Dr. E. B. Pope of Ohio, the Rev. A. M. Gould of Grand Rapids, Colonel Bain of Kentucky and the Rev. William Denman of Grand Rapids. Over two thousand persons attended the exercises. President Burroughs preached in the evening to a large congregation. It was a helpful sermon on the text, "I That Speak Unto Thee Am He." Dr. Burroughs is one of the finest expositors in the country and the most lovable man one would wish to meet. He is not an orator of course, as few college presidents are. Dr. Behrens gave his third lecture this morning on the "Epistle to the Hebrews," and this afternoon the M. W. P. A. held their anniversary services.

Their exercises opened at 2 o'clock with a selection from the Lotus Glee club, followed by the reading of a poem by Miss Mabel Bates of the Traverse City Herald. The president, Mrs. Bell M. Perry of Charlotte, then introduced the amiable and intellectual lady journalist and reformer, Mrs. Lucinda H. Stone of Kalamazoo, who spoke briefly on her early educational experience. She is one of God's noble women. James Lane Allen, the versatile writer in the Southland, then read his "Old King Solomon of Kiz." Many have read the selection with interest, but the author was a mortifying failure. The reception tonight was brilliant and well attended. At the Epworth house most elaborate decorations were provided. The Epworth army was out in full force.

The success of the reception was due largely to the ever present and indefatigable league workers, Miss Estelle C. Lodge of Cadillac and the Rev. F. A. Smart of Saginaw. At the Y. P. S. C. E. headquarters the Rev. Mr. Seal of Lansing presided and the Endeavorers were happy and a most enjoyable time was had. All the receptions in each department were enjoyed and constituted a leading event of church and society at the assembly.

World's Fair Sunday Closing.
Resolutions relative to the world's fair Sunday opening were passed some days ago and forwarded to congress, as the following letters from congressmen will show:

HOUSE OF REPRESENTATIVES,
WASHINGTON, D. C.
Dr. D. F. Barnes.
My Dear Sir—I am in receipt of the resolutions passed by your assembly and have presented the same to the house. Will say, however, that the house has already concurred in the Scott amendment closing the fair on Sunday. Yours truly,
J. C. BURROWS.

WASHINGTON, D. C., July 2, '92.
UNITED STATES SENATE.
Dr. D. F. Barnes, Bay View, Mich.
My Dear Sir—I have the pleasure to acknowledge the receipt of your favor of the 18th inst., which was duly received today. You may rely upon it that Senator McMillan and myself will stand by our former action as to the world's fair, but what the outcome is going to be in the house upon this question it is impossible to say. It is probable congress will adjourn in about a week, and after that I shall hope for

the pleasure of seeing you and other friends at that delightful summer resort. I am very truly,
FRANCIS B. STOCKBRIDGE.
AGATE.

SWINDLED BY A SHARP.

A Clever Fraud Does Up a Furniture House.

On last Wednesday a man went into K. Burkhardt's furniture store on Canal street and asked to look at a line of chairs suitable for church purposes. After finding the kind he wished, he ordered six of them and tendered a check for \$45 in payment. At first Mr. Burkhardt refused to accept the check, but the only-tongue and clerical appearance of the stranger threw him off his guard and the man was given \$24 in cash and a receipted bill for \$21, the amount of the purchase. He gave his name as the Rev. Dr. Foley and had the chairs shipped to Lansing. Mr. Burkhardt not having the number of chairs in stock, ordered them sent directly to Lansing from the factory. They are now in the depot at Lansing, not having been called for.

The check, which was on a Cleveland, Ohio, bank, was signed by James Buck, was deposited in the Old National Bank, and in due time was returned from the Cleveland bank not accepted, as they knew no such party. The same morning a stranger entered J. C. Herkner's store and purchased a communion set valued at \$18. He represented himself to be the Rev. Francis Wilson, of St. John's church, Lansing, and tendered a check in payment, but Colonel Herkner refused to accept it.

A Muskegon furniture man was swindled in the same manner by a man of the same general appearance, also representing himself to be a clergyman from Lansing the next day.

Stole Money and Jewelry.
Tony Fliscinski and Chris Greigle, two boys under 18 years of age, were arrested last night by Detectives Gast and Jackaway, for stealing a pocket-book containing \$5, and a gold locket, necklace and pin from Charles Eyer's residence at No. 131 Sibley street. They declared to the detectives where the plunder was secreted, and it was found under a sidewalk. They had spent the money.

Grandchildren's Picnic.
About thirty grand children enjoyed a trip up the river yesterday afternoon in the steamer North Park. The boat ran up the river a distance of about six miles and returned. Notwithstanding rumors no steps were taken to organize a grandchildren's association.

Bert Barry Acquitted.
Bert Barry, a 16-year-old boy who has been under arrest, charged with highway robbery, was dismissed by Judge Haggerty yesterday. He was charged with having knocked Harry Goss down and robbing him one night about a month ago.

Fined for Swimming.
Oscar Hartle, Albert Kishman and Harry Helfaer, three youngsters who were arrested for swimming in the river, were before Judge Haggerty yesterday and were fined \$1 and costs divided. The execution of sentence was deferred till August 2.

Fannie Held for Trial.
Fannie Wilson, the woman who was found Monday evening parading the street in another woman's best dress and patent leather tipped shoes, pleaded guilty to larceny of over \$25, and will be tried in superior court.

Gardner Bound Over.
Frank Gardner, the hotel thief, had his examination completed in police court yesterday. He failed to persuade the judge that he was innocent of intent to rob, and was bound over for trial in the superior court.

Stray Court Matters.
Judge Adair granted William W. Soper a divorce yesterday from his wife, Freda L. Soper, on the grounds of desertion and abandonment.

The case against Nate Mosker, wherein he is charged with keeping his saloon open after hours, was adjourned till August 2.

Michigan Pharmacists.
The annual convention of the Michigan State Pharmacists' association will be held in this city August 2, 3 and 4. It is expected that about 300 persons will be present. The meetings will be held in Elk's hall.

WHAT FIRE ACCOMPLISHED.
How the Burning of Powers' Opera House Affected Wykes & Burns.

When the furious flames licked and darted through the opening in Powers' opera house block it was thought the store of Wykes & Burns would be consumed to ashes. Not doomed to die by fire, a great deluge of water soon had the store and stock saved.

As a result the store has been beautifully redecorated throughout and a fresh new stock purchased, transforming it into one of the neatest and most attractive houses in the city. The goods are new and elegant, covering all stately novelties, ladies and office supplies of all kinds. To celebrate their new coming out they are supplying their customers with an elegant box of fine stationery at 10 cents a box. It's a souvenir worth going a long distance to obtain.

The day excursion to Milwaukee Sunday, July 31, upon the cool placid waters of Lake Michigan will be patronized by every man who likes to spend a day with his family outside of the heat of the city. Fare for round trip, \$2.50, children, one-half price.

Hartman's hall open from 9 a. m. to 11 p. m. Admission free. Band concert every evening.

THE BEST OF BRICKS

Made by the Hammond &
Warner Brick Company

Of Sparta—The Best Clay Bank

for Brick and Tile Making
in Michigan.

Up at Sparta, only a dozen miles from this city, God arranged a clay bank for this day and generation that surpasses any similar work in Michigan. It must have been designed for the special use of brick and tile makers, for the material in it makes the best common brick that have been shipped into this city this year.

The bank is practically inexhaustible. It underlies a wide range of territory and extends downward from an inch below the surface to a depth of thirty-eight feet, with only six feet of sand in that distance. The upper strata produces fine red brick, of good temper with little mixing. The lower strata is what is known as "soft" clay, a solid and heavy and of a bluish color. When turned, bricks from it are ivory white and have the ring of a piece of fine glassware. The plant is managed by Mr. Warner of the firm, who is a brickmaker of wide experience and thoroughly acquainted with the best and most economical methods of brick making. He has introduced many methods and devices at the works which are his own inventions.

At present the plant has a capacity of 30,000 bricks per day. In the immediate future the daily capacity will be increased to 60,000 per day with the introduction of the making machinery of the most approved type. The plant is situated at the junction of the Toledo, Saginaw & Muskegon and Chicago & West Michigan railroads. Both of these lines lead into this city, thus giving the point which competition which insures a low freight charge. Leaving out of consideration the superior quality of brick made at this yard, and they are pronounced by experts to be the best in the state, they can be laid down in this market cheaper than the product of any product of Michigan.

There will be a lawn social given by the West Side Social club at the residence of A. G. Champlin, No. 148 Mt. Vernon street, Thursday evening, July 28, for the benefit of St. Paul's church. All are invited. Ice cream will be served.

R. L. Polk & Co.'s guide to the city of Grand Rapids for 1892 is now ready for distribution. Copies of same may be had by their office, No. 42 Widdicombe building.

The Elk's excursion to Milwaukee Sunday will be one of the most delightful outing trips of the season.

Safe, Sure and Speedy.
No external remedy ever yet devised has so fully and unquestionably met these three prime conditions as successfully Alcock's Porous Plasters. They are safe because they contain no deleterious drugs and are manufactured upon scientific principles of medicine. They are sure because nothing goes into them except ingredients which are exactly adapted to the purposes for which a plaster is required. They are speedy in their action because their medicinal qualities go right to their work of relieving pain and restoring the natural and healthy performance of the functions of muscles, nerves and skin. Do not be deceived by misrepresentation. Ask for Alcock's, and let no solicitation or explanation induce you to accept a substitute.

An Undisputed Test of Merit.
A medicine that has been a household remedy for over fifty years and used in that time by more than \$150,000,000 persons must have great merit. Such a medicine is found in Brandreth's Pills. The fact demonstrates the value of these pills better than any statement of the proprietors. It will be observed that the dose required to cure is small. One or two pills taken every night for ten or twenty days will cure dyspepsia, costiveness, rheumatism, liver complaint, biliousness, or any disease arising from an impure state of the blood.

Brandreth's Pills are purely vegetable, absolutely harmless, and safe to take at any time.

Sold in every drug and medicine store, either plain or sugar coated.

A DYSPETIC'S ARGUMENT
Is a growl, and that growl marks the limit of
argument with him. The best way to get him
to try a medicine would be to advise against
it—but notice how different his tone after
using Burdock Blood Bitters.

"I have suffered with dyspepsia for the last
two years. Not long ago I commenced taking
B. B. B. I am now on the second bottle, and
I feel like a new man."
G. KNOX,
12 Sherwood Ave.,
Binghamton, N. Y.

REPEATED TESTS WITH LAXATIVE
DRUGS prove the fact that Burdock Blood Bitters
will cure dyspepsia. The reason is plain. It
thrusts the stomach to natural action and keeps
the whole system free from clau-
strum.

"I have been troubled with dyspepsia and
heart disease for nine years, and found no re-
lief until I took Burdock Blood Bitters. Now
I am well after taking two bottles."

PECK'S DRUG STORE

This is the season to
Use Disinfectants Freely!

Be especially about damp walls in the basement,
outhouses, sewers, etc. should also be
looked after, as such places may be prevented by
proper disinfecting. We sell

Crude Carbolic Acid at 30
Cents per Quart Jug.

The crude has all the value of the refined and
will prove quite as satisfactory for common use.
The refined acid we recommend for
hospital use.

To persons who object to the odor of car-
bolic acid we recommend

Brome Chloralum.
This is non-poisonous and odorless. It is well
adapted for washing and disinfecting refrig-
erators, ices in sick rooms, etc. Peck's Chlor-
alum is equally good.

For purposes where a cheap disinfectant is
desired.

Copperas is the Best.
We Sell 10 lbs of it for 25 Cts.

And the solution, 2 lbs to a gallon of water,
will thoroughly disinfect outhouses by pour-
ing a little in occasionally. The price permits
its free use.

Tar Camphor
Is the cheapest insecticide. It is practically
solid carbolic acid, and is used for preventing
the ravages of moths. It is cheap, about one-
third the price of gum camphor. The large
clothing stores find it answers quite as well.
It is perfectly white, does not stain, and comes
in powder, squares and balls. The odor arising
from it disappears on exposure to the air.
It is well adapted for use on furs, garments,
woolens, and for every use where it is desired
to be secure against moths. We keep all other
antiseptics and disinfectants, but the above
are the most prominent.
